

10 steps to staying safe when you travel

1 Plan ahead, allow extra time for your journey and try to travel at off-peak times, where possible.

2 From 15th June you must wear a face covering on public transport in England.

3 Use contactless to pay or have the exact change.

4 Buses will have limited capacity. If your bus has a BUS FULL sign please be prepared to wait for the next bus.

5 Let people off the bus before you get on.

6 Keep a safe social distance from others, 2m apart where possible - at the bus stop and on board.

7 Sit in the window seat, leaving the seats in front and behind you empty and don't sit directly behind the driver.

8 Only one person can sit in a double seat, unless you're with a member of your household.

9 Don't stand on the bus.

10 Wash or sanitise your hands before and after your journey.
